

# Accessories

Rokon offers over 30 hunting and agricultural accessories, making it more of a workhorse than a machine.

## Universal Holder

Universal Holder allows you to mount a GPS, Cell or Satellite phone and adjust for a variety of angles.

## Trail Maintenance Kit

Kit Includes survival items packed into a leather pouch engraved with the Rokon name.

## Bike Lift

Lifts bike up to 36" and is easily actuated with a hand drill or ratchet.

## Wheel Free Carrier

Wheel Free carrier transports the Rokon using a 2" receiver hitch.

## Side Car

Side car attaches with just one bolt and weighs only 70 lbs.

## Three-Point Hitch & Moldboard Plow

The three-point hitch raises and lowers the Rokon's 10" moldboard plow.

## Brush Busters

Brush Busters protect hands and brake levers.

## Power Take Off Kit

Power Take Off Kit operates pumps

## Log Skidder

Log Skidder hauls logs up to 20" in diameter.

## The Titan AT489 Wide Tire

The Titan AT489 is the widest Rokon tire available (8 x 12 x 25). Its unique tire pattern provides optimal off road traction. It is the tire of choice for 12-inch wheels.

## Tire Chains

Tire chains facilitate easy travel in snow or on ice.

## Specifications & Performance Data

Drive System	Full time, front and rear wheel drive
Engine	Kohler, single cylinder, 4 stroke, fan cooled
Piston Displacement	172cc
Power Output	6.6 HP at 4,000 RPM
Power Transmission	Automatic Torque Converter into 3-gear range selector
Speed Range:	1st Range 0-10.0 MPH 16 KPH 2nd Range 0-22.0 MPH 35 KPH 3rd Range 0-40.0 MPH 64 KPH
Power Take Off	6.6 HP (est.), speed proportional to throttle setting
Fuel Tank Capacity	2.69 US gallons (10.18 liters). Hi-impact polyethylene tank. Auxiliary fuel storage, 4.5 US gallons (17.03 liters) per wheel. 2.5 gallons (9.46 liters) per 12" wheel.
Fuel	Regular Unleaded Gasoline
Fuel Consumption	.45 gal/hr 1.7 liters/hr
Brakes	Disc type, front and rear, dual handle bar mounted controls
Starter	Automatic Recoil, Optional Electric Start
Ignition	Electronic Magneto
Electrical System	12 volt system with 90 watt alternator
Exhaust	Muffler with U.S. Forestry approved spark arrestor
Carburetor	Fixed Main Jet Carburetor
Air Filter	Dry type with foam secondary stage
Grade Capability	60 percent
Weight	208 lbs. 94.3 kg (dry weight)
Warranty	12 Month Limited Warranty

## Dimensions

Wheels	15" aluminum drums (12" optional, overall ground clearance reduced by 1")
Tires	5.90 x 15 or 8 x 12
Wheel Base	51 inches 129.5 cm
Ground Clearance	15 inches 38.1 cm
Height over the Seat	30 inches 76.2 cm
Height over the Handlebars	42 inches 106.7 cm
Width	31 inches 78.7 cm
Length	79 inches 200.7 cm
Water Fording Depth	24 inches 61.0 cm

# TRAIL-BREAKER®

Taking You Where You Want To Be

# The Only Vehicle That Goes Anywhere!

For hunters, the Rokon can be equipped with a full gun boot.

2x2 traction bulls through mud, bogs and sand.

If you need a vehicle that will go up, over and through anything in its path - Rokon is the only vehicle.

Rokon's sure-footed, two-wheel drive system gives you the ability to go anywhere. Unyielding power delivery lets you carry and tow enormous loads. All this performance comes in a compact 208 lb. vehicle that leaves a track lighter than a person's footprint.

The automatic transmission lets you concentrate on the terrain, not shifting. A choice of three speed ranges gives you awesome power at slow speeds. Simple and easy operation means safe, stable control in all types of terrain.

The Trail-Breaker features 12 or 15" sealed aluminum wheel housings. This allows for flotation or for storage of fuel or water. The new 4 stroke Kohler 172cc engine is quiet, powerful and has easy compression release starting.

The Rokon Trail-Breaker fords through water two feet deep.

POWERED BY  
**KOHLER**  
engines

The side car attaches easily with just one bolt and can carry 500 lbs of gear.

Low pressure tires provide excellent traction in snow.

Front and rear racks offer storage space for your equipment. A tow bar turns back breaking jobs into simple tasks. A rear seat allows you to carry a passenger. A complete line of hunting, utility and agricultural accessories is available.

For more than 40 years Rokons have been used to transport riders and equipment over hostile terrain to remote locations. Rokon takes pride in manufacturing a rugged and versatile vehicle. Long-life construction and low maintenance guarantees that your Rokon will last for years to come.

Go slow power and torque allows safe and easy climbing of difficult terrain.

## Climbing Over Logs, Walls and Rough Terrain Is Easy!

Rokons have 15 inch ground clearance. A steel skid plate protecting the engine allows climbing over larger obstacles. Steep inclines are no problem for a Rokon.
